ABOUT THE EVENT

CyVIT, the Annual Cyber Security Conclave in association with National Cyber Safety and Security Standards-New Delhi and IEEE Consumer Electronics Society Chapter - Bombay Section, is the signature annual event of VIT Bhopal University which is focussed to foster the exchange of ideas, insight and technology among the pioneers of the academia and IT security industry. This would be India's one of the largest Cyber Security

conclave that is being hosted exclusively for cyber experts along with professionals working in this field in all over the world.

The Conclave will comprise experts from Lucideus, National Informatics Center, Indian Institute of Technology-Indore, MP Police, Indian Army, ThoughtWorks and National Cyber Safety and Security Standards. Also, the webinars will have experts from Walmart, MIT-USA, De Montfort-UK, LuxTag-Malaysia
